

RICH MAN'S BODY FOUND IN MORGUE

Brother of Daniel W. Taylor, of
Wilmington, Del., Identifies
Him Among the City Un-
claimed Dead.

William P. Taylor, secretary of the gas company of Wilmington, Del., has identified the body of his brother Daniel, who has been missing since May 18, at the morgue. Daniel W. Taylor was Secretary of the Wilmington Board of Trade and a prosperous real estate dealer.

Policeman Thomas McNulty, of the Harbor Squad found the body floating in the Staten Island ferry slip yesterday morning at 10 o'clock. From papers in the pocket the police were convinced that the dead man had been well to do. When his brother disappeared three weeks ago Mr. Taylor immediately had his photograph printed on postal cards with a description of him alongside. These cards were sent to the police and the morgues of every city in the country. When the police delivered the body of the drowned man to Morgue Keeper Armstrong yesterday he identified it by one of these postal cards.

A telegram was sent William Taylor and he took the first train for New York. He had a letter to Commissioner McAdoo from Chief of Police George Black, of Wilmington. Mr. Taylor arrived at the morgue at 9 o'clock last night.

Daniel W. Taylor was sixty-six years old. He and his brother have been in the front rank of business men in Wilmington for many years and both were wealthy. Daniel was almost six feet tall and of military bearing. He had gray hair and an iron gray mustache. "I have no idea why my brother left home," said Mr. Taylor. "The only explanation I can think of is that his mind was unbalanced. He had been ill for several months, but none of us suspected that his illness would result seriously. He had no financial troubles and lived happily with his wife."

PAUL JONES FLEET SAILS TO-MORROW

Admiral Sigsbee's Command
Will Reach France in 13 Days,
and After 10 Days Will Bring
Hero's Body to America.

The fleet of American warships that will carry the remains of John Paul Jones from France to this country, assembled off Tompkinsville to-day in preparation of sailing for Cherbourg to-morrow. The fleet is composed of the protected cruiser Brooklyn, Chattanooga, Calveson and Tacoma, making what is known as the second squadron of the North Atlantic fleet.

The Brooklyn has been undergoing repairs for the voyage in the Navy Yard for two weeks, and when she sailed down to Tompkinsville to join the fleet she flew the pennant of Rear-Admiral Sigsbee, commander of the squadron. Admiral Sigsbee expects to make the voyage to Cherbourg in thirteen days. There the American fleet will be met by the French fleet, which will participate in the final tribute in French waters. After a stay of ten days Admiral Sigsbee will return home, making bound pennant and sail for Annapolis, where the body of the famous Revolutionary war fighter will be entombed. A temporary sarcophagus has been built on the Brooklyn to hold the lead coffin containing the body of the hero. Richard and the scourge of British seas.

STOPPED TRAIN TO ASK ENGINEER FOR A CHEW.

Hobo Didn't Get It and Was
"Boning" Flagman for One
When Policeman Got Him.

ROME, N. Y., June 7.—The fast train that goes through here was flagged last night before it reached here and brought to a full stop. The engineer climbed down and met the man who had flagged it and demanded to know what the accident was.

"I want a chew tobacco, old pal," said the hobo.

The engineer came to the city and reported the occurrence, and a switch engine with a policeman was sent back to arrest the fellow. He was found a half mile away wrangling with a crossing flagman for a chew and brought here and locked up.

When the key turned on him he put a hand through the bars and said: "Do I get that chew?" The policeman who looked him up cut a piece off a plug of tobacco and passed it to him. Whereupon the man, who had said John Smith would be good enough for his name, added: "I say, old chap, ain't you got any more?"

CANCER VICTIM ENDS LIFE WITH A BULLET.

Staub Grew Tired Waiting for
Death He Could Not Avert.

Unable to stand the suffering which
he was in and for which there was no
relief, John Staub, sixty-nine years old,
committed suicide to-day in the home

of his daughter, No. 213 East Seventy-fifth street. Staub was a machinist and for twenty-five years was employed by the Hoe Press Company. Eight months ago he was forced to give up work, and his case was diagnosed as cancer of the stomach.

Since quitting work he had been bed-ridden, waiting for the end. To-day he took a pistol which he had beneath his pillow and blew out his brains.

THE FIRST LETTER A Woman Writes.

THE FIRST LETTER that a sick woman should write or have some one write for her is to Dr. Pierce, of Buffalo, N. Y., asking him if "FAVORITE PRESCRIPTION" is suitable for her case, and he will frankly tell her so if he thinks it is. He may have to ask some questions before he can be sure just what the trouble is.

If you are suffering from uterine disease, the symptoms of which are headache, backache, sideache, pain in various parts of the body, especially in the pelvic region, bearing-down inflammation, ulceration, then Dr. Pierce will advise you to use his "FAVORITE PRESCRIPTION" for he has had a wonderful experience in the use of this remedy. It is NOT A PATENT MEDICINE but it is a VERITABLE PRESCRIPTION that became his "favorite" when he was engaged in private practice forty years ago and found that it cured more than nine out of ten of all such cases that came under his care.

The doctor even then found scores and hundreds of women who were being improperly treated because their troubles were not understood and he determined to place this remedy that he had used so successfully within reach of the multitudes who were in such sore need of it.

He made it efficient, agreeable to taste, and, best of all, safe for any woman, old or young, to use. It is NEITHER A STIMULANT NOR A NARCOTIC, just a vegetable tonic, composed of roots and herbs of remarkable medicinal virtue in the treatment of this class of diseases, and its RECORD OF A

HALF A MILLION OF CURES entitles it to full confidence.

STANDS ALONE.

The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed and placed upon every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called Dr. Pierce's Favorite Prescription.

It Stands Alone not only in respect to its ingredients, but also as the only specific advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

It Stands Alone as the one women, the makers of which take for patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has hundreds of thousands of cures to its credit placing its merits above criticism.

It Stands Alone as Nature's cure for the diseases of women because the earth supplies the ingredients, which are as follows:

Lady's Slipper (*Cypripedium Pubescens*), Black Cohosh (*Actaea Racemosa*), Unicorn root (*Chamaelirium Luteum*), Blue Cohosh (*Caulophyllum Thactictroides*), Golden Seal (*Hydrastis Canadensis*).

Don't Be Hoodwinked, hoodwinked or over-persuaded into accepting a substitute for the Original Little Liver Pills, first put up by Dr. J. C. Pierce, over 40 years ago, and called Doctor Pierce's Pleasant Pellets. They've been much imitated but never equalled. One or two are laxative, three or four cathartic.

A Letter for Women to Read

I have seen your advertisements and have personally tried your soap. I must say it is the best I ever used. It does the work quickly, clothes come out snow-white and without any harm to the most delicate fabric. I recommended it to my neighbors and now they all say that MILLER'S SOAP made with Naphtha has no equal.

I hope that you will accept this letter as the true recommendation of your soap, and I give you the privilege of using it as you think best.

Yours truly,

(Signed) Mary Havlicek,
